RHEUMATISM & THE PHES.

September 10, 1846.

Dr. Townsend—Dear Sir: My wife has been for several years afflicted with rheumatism. She has tried many different remedies to obtain some relief, but all to no purpose. She was finally induced, by seeing your advertisement, to give your Sarsaparilla a trial. We procured some of it from your agent (Mr. Van Buskirk) and it gives me pleasure to state that after using it she experienced great relief, and was in a very short time perfectly cured. I was also (tegether with a man in my employ) hadly troubled with piles, and by using a small quantity of your Sarsaparilla, our complaint was completely cured. I consider it one of the best of medicines, and would advise all who are afflicted to give it a trial.

PETER BROWN, 47 Little-street, Brooklyn. GREAT FEMALE MEDICINE. Dr. Townsend's Sarsaparilla is sovereign and speedy cure for incipient consumption, barrenness, leucorrhoa, or whites, obstructed or difficult menstruation, inconfor the general prostration of the system—no matter whether the result of the inherent causes, or produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects upon the human frame. Persons all weakness and lassitude before taking it, at once become robust

and lassitude before taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in cases of so deficate a nature, to exhibit certificates of cures performed but we can assure the afflicted that hundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this proclember productions, have been blessed with healthy avaluable medicine, have been blessed with healthy offsprings.

NEW-HANOVER COUNTY. - We commend to the careful perusal and calm consideration of the Democracy of the County of New Hanver, the following short address which has been handed to us for publication by a number of gentlemen who are desirous of seeing the party continue in that union and harmony which has hitherto characterized all its movements in this County. The address is plain, simple, and to the point. We also, in connection with this matter, would refer the reader to the card of Messrs. Ashe, Williams, and Reid. We cannot but appreciate the disinterested patriotism of those gentlemen who, under the circumstances; we think have pursued that course which is best for the interests of the Democratic party. We, as an individual, and as the conductor of a Democratic paper, feel a deep interest in the harmony and welland trust that the recommendation contained in the short address below will be acted upon for his courtesy. promptly, fully, and in a spirit of devotion to the principles of our party which will rise far superior to all personal feelings. To the Democratic Voters of

New-Hanover County :

An explanation is due to the voters of the County for the step circumstances have compelled us to take in declining to run as candidates to represent the County of New Hanover in the next Legislature. To be selected as the candidates of the Democratic party is sensible; but however highly we may be disposed to estimate this honor, we could not consent to receive it, when its reception would be necessarily productive of a division in the party. We felt bound to make a sacrifice of our individual feelings in order to avoid such an unfortunate consequence.-We sincerely hope that our friends will accord to us full justice in this matter, and acquit us which has hitherto been bestowed upon us.

A Question

FOR THE PUBLIC TO DECIDE. fiAN it be expected that Merchants and Druggists, who lend themselves to palm off upon he public their base imitations and counterfeit medicines, in preference to the genuine, merely because they can make more per cent on them, would deal honestly in selling other articles? We think not. Persons that deal out counterfeit medicines, and thus encourage counterfeiters, even at the expense of the health and life of their customers and neighbors, are they honest or honorable men?
